

XC-E2WT

Product description

Weighing expansion module
Two channels pressure sensor signal input (voltage signal)
Test range is 0~10mV
16-bit high precision A/D transformation
Up to 7 modules of XC-E2WT can be connected to the PLC

General specifications

Signal input range	DC 0~10mV
Resolution	1/65535 (16Bit) 0~40mA
Integrated precision	0.8%
Transformation speed	20ms/ channel
Power	DC24V±10%, 100mA
Dimension	63mm×102mm×73.3mm
Ambient	No corrosive gas
Temperature	0°C~60°C
Humidity	5~95%

Dimension (unit: mm)
